FOR IMMEDIATE RELEASE

LAMPERT 1675 EDICIÓN AZUL

EDICIÓN AZUL becomes Austrian cigar of the month

The Association of Cigar and Pipe Dealers of Austria ([VCPÖ](#)) announces the LAMPERT 1675 EDICIÓN AZUL Robusto as cigar of the month for March 2022. This cigar was just recently rated with 94 points by [BLIND MAN'S PUFF](#). The VCPÖ was founded in 1999 by Austrian tobacco retailers. Today, more than 70 dedicated VCPÖ specialist retailers throughout Austria are thriving and ready to meet the wishes of their discerning customers.

[LAMPERT 1675 Edición AZUL](#) is an extraordinary achievement by Fábrica AGROTABACOS, Nicaragua. The cigar offers rich, nuanced flavors that constantly evolve throughout the smoking experience. Medium strength and flavorful, it blends the slightly citrus forward taste of a high Peruvian Pelo de Oro priming (ligero) aged for five years and together with fillers grown, fermented and aged for three and four years by the ORTEZ family in the Jalapa and Condega valleys. This combination strikes the perfect balance between smooth, sweet and robust flavors that continuously evolve during the smoking experience. The Edición AZUL is available in three different sizes (Short Robusto, Robusto and Toro) in boxes of twenty.

In Austria, [DIOS TABACO](#) imports the whole portfolio of LAMPERT CIGARS. Dios Tabaco is one of the six Austrian importers, however, Dios Tabaco is the only one with cigars and cigarillos solely in its portfolio.
