At Intertabac 2024, the world's largest tobacco trade show, [LAMPERT CIGARS](#) presents its latest release:

### **KINGPIN**

KINGPIN is a small batch production that measures 4 inches long with a 62-ring gauge.

Don't let this size fool you! This little but heavy cigar is carefully crafted to last estimate more than one hour.

KINGPIN is a medium plus body cigar and comes in boxes of ten.

The wrapper is a specially selected dark H.Criollo grown in Ecuador that covers an Ecuadorian H.2000 binder. The filler blend includes tobaccos grown in the Dominican Republic, Nicaragua, and Peru. The tobacco has been aged for 5 years.

KINGPIN is produced totally hand made by [Tabacos de Costa Rica](#).

KINGPIN will be available for sale at Intertabac 2024 and will ship to our clients right after the Intertabac 2024 tradeshow.
